### **Restore My Health MD Pricing Policy**

At **Restore My Health MD** we provide direct, consultant-level medical care on a cash-pay basis. This allows us to offer extended time, personalized recommendations, and transparent costs without the complexities of insurance billing.

#### **1. Consultation Fees**

**Estimates are provided based on time spent with the patient. Fees are \$300 per hour in person. Telehealth fees are \$50 less per visit, if approved for Telehealth.**

#### **2. Payment Terms**

- Payment is due in full at the time of service.
- Accepted forms of payment: credit card, debit card, HSA/FSA card, or check.
- We do not bill insurance; however, we can provide an itemized receipt (superbill) upon request for patients who wish to submit claims to their insurer.

#### **3. Additional Costs**

- Laboratory testing, imaging, procedures, and medications are billed separately by the performing facility or pharmacy.
- Patients are responsible for all costs associated with outside services.
- Many discounts are available for cash pay patients. In some cases, lab and imaging can be billed to the patient's insurance or Medicare.

#### **4. Cancellations & Rescheduling**

- Cancellations or rescheduling require at least **24 hours' notice**.

- Appointments canceled with less than 24 hours' notice may be charged 50% of the scheduled fee.
- Missed appointments without notice ("no-shows") are billed at the full scheduled rate.

## **5. Refunds**

- Fees for completed consultations are non-refundable.
- Prepaid packages or deposits (if applicable) are refundable only if canceled at least 48 hours prior to the first scheduled appointment.

This policy ensures fairness, transparency, and flexibility while allowing us to dedicate the necessary time and attention to each patient.
